

# Tiny Groups Guide

## PATH FINDING: Do the Next Thing Well

OCTOBER 4-10, 2020

### SCRIPTURE

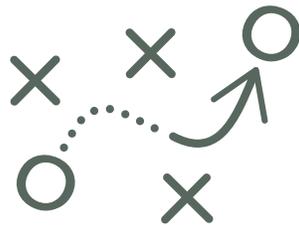

» Psalm 32:8:  
*The Lord says, "I will guide you along the best pathway for your life. I will advise you and watch over you."*

» Acts 8:26-38

### Practical Challenge

*What is pressing on your soul?*

Spend some time in listening prayer this week. As you praise & thank God, ask Him, "What is the next right thing?" and be open to hearing from Him.

### DISCUSSION QUESTIONS

1. When you think of looking to God for direction, what are your thoughts and feelings?
2. How do you think God's specific promises really work?
3. Why do you think God tends to show us only one part of what we are to do next?
4. In the story of Philip and the Ethiopian Eunuch, Philip was called Philip the evangelist, most likely his first gift. How much direction did the Spirit give Philip? What does this say about some of God's direction?
5. Share with each other areas where you need direction and pray for each other.

### PRAYER

- Please pray for our negotiations with the city, especially in respect to the required left-turn lane. Pray that the city would take on that multi-million dollar project as a capital project, that our Site Plan will be approved and that a full permit will be granted.
- Praise for the financial resources God has been providing for our ministry and mission throughout these last months. Pray for the continued work on our building and that God would bless the crews and workers with safety, efficiency & effectiveness.

- Pray for wisdom for our Federal, Provincial and Municipal government officials as they navigate the ongoing COVID-19 crisis.
- Praise and prayer for Jess Hilton (Service Director), Katy Darley (Community Connection Coordinator), and Shannon Freeman (Executive Associate) joining our staff team.
